

Woodhenge Gardens

Margo Reed Fall 2008 Intros

<http://www.woodhengegardens.com>

Created: Thursday December 15, 2011

ONCE UPON A TIME - Sold Out - (Reed, 2008) 34" MLa 6.5" dormant diploid This warm pink exotic is a variable unusual form it often cascades, and often becomes a pinched crispate unusual form. It is large, lush, full, and showy. It is very ruffled, with the yellow throat blending out into candy shades of cream, pink, and rose. There are darker edges on the sepals, lighter ruffles on the petals. It has 2-3 way top branching with 14-16 buds. Luscious, it earned the garden name, "Pink Exotica". Fairy tale material.
