Bill Selhorst Physical Therapist
Garden Moves

PRESIDENT'S MESSAGE

For some reason I'm about out of words this month. (Do I hear big sighs of relief??) For me the best news is our friend Betty W. is doing well and should be home this week end. I am sure we all wish her a speedy recovery.

I must say I'm not real pleased with the cooler weather (high thirty's this evening) coming in at this time of year. I'm sure you all are seeing the leaves starting to fall but around my house I haven't seen much "Fall Color". Maybe that will come on a little later. I am surprised I have some daylilies blooming and others have scapes coming on so all is not over! I don't remember falling leaves and blooming daylilies. Somehow that just doesn't seem right but as you all are aware, I don't remember very well!

I'm looking forward to Bill's program this month. Maybe he can tell us how to rake leaves without breaking our backs! (I wish he had told me how to put up the big crown moldings in my living room without making my arms feel as they are falling off!!) These unusual activities really can wreak havoc on our muscles that aren't used to be employed in this way.

I hope you all can come to our meeting on the THIRD Thursday this month at the Douglass Community Center and that you will ENJOY spreading mulch in the LADS garden at Doris' s the following Saturday, October 22 at 9:00 a.m.

I hope you all have a great month!
